why do black jewish tenants not have a working intercom wordpress.

In 2019, Power Property Management Inc wrote to all tenants : "If you have any outstanding issues and items to discuss please reach out to Kassandra (resident manager) immediately." In 2014, management wrote to tenants, "Tenants with specific concerns should still contact us." The attorney for the property has asked me to cease communicating with management. I think this puts tenants at risk. There is nothing in the rent agreement that authorizes the owner or his agents to cut off communications from tenant to owner, which does violate the city tenant anti-harassment ordinance. So I will continue to contact the owner as I see fit. This message is for Todd Jacobs, Bold Partners, Hi Point 1522 LLC and City of Los Angeles. This is the Black Nigger tenant Geary Johnson at 1522 Hi Point St Unit 9 at 90035. The intercom in my unit needs repair today and is not functioning. The Akuvox system on outside of the building is not fully functioning. Please supply me with the Akuvox smartphone and Wi-Fi today to, and instructions. Please supply me today with the available tandem parking stall as agreed. Stalls 13, 14, 17 are available. You have not given any legitimate reason for the undue delay nor do I agree to any delay. Please respond in writing to my email concerns voiced in the email May 16, 2024. All rights reserved.
