City Inspector Alan Christensen,

Thank you for inspecting on March 16, 2026 at about 10:00 am for the property 1522 Hi Point Street.

I memorialize the visit. This recount is meant to be indicative but not all inclusive.

I showed you the nonfunctional intercom in my unit Artolier, I showed you that there is no connection or interface in my unit for the outside accessible required feature Akuvox system (since 2023), I showed you the unused mailbox slot in the unit door, I mentioned that I do not have a key to the building front door lock as the owner changed the lock, I showed you the need for a wheelchair accessible peephole (my wheelchair was in sight) in my unit door, I asked that the owner be ordered to supply a peephole that I can see both ends of the hallway (due to disability and vision disability), I showed you trash that is on the property but is not in the dumpster, I showed you the parking security gate in a non-operating position, I mentioned my need for a tandem or accessible parking stall, on the grounds my doctors have certified my disability and requested such parking stall or accommodation.

Further, I am following up to request written confirmation of your findings and next steps: you witnessed the building's Akuvox exterior entry panel has no indoor interface/monitor provided to tenants, we tested the system together and found there is no intercom functionality for many units and especially mine, there is no accessible peephole/alternative to identify visitors at my unit door, and the property owner (parking 27 stalls: single stalls 1A,1B,2-12; tandem 13-19; vacant/unused 1A,4,6,10,13-15; stalls 17-18 each have one car) has not assigned me an

accessible parking stall near the rear accessible entry; the building received major renovations and new parking security gate in 2014–2017 and a new Akuvox door entry system in 2023 and the owner receives Section 8 assistance.

In response, the investigator Alan did take pictures and notes. He indicated that it was his personal opinion that I could use my personal property cell phone to access the Akuvox intercom function; I indicated that the building code does not authorize me to use my personal property for any reason, and that applicable building codes specifically require the Wifi type Akuvox have in each apartment unit an interface or indoor monitor capable of displaying voice and video. My cell phone is not for such use, is not an interface or indoor monitor owned by the property owner or owned by the city government. There is no mention in the applicable building codes that a tenant cell phone can satisfy the building code requirements.

It is a violation of my personal property to attempt to illegally steal my phone for purpose of the property owner and for purposes of violation of the city building code.

I also believe from the city website the city code enforcement inspectors have authority to investigate certain ADA violations at the property.

I believe it is an abuse of authority and abuse of discretion and abuse of federal tax dollars if ADA violations are not investigated by City code enforcement inspectors in a timely manner.

Please advise in writing whether the Housing Department will (a) open a code compliance investigation regarding the lack of an indoor monitor and accessibility issues, (b) issue correction notices to the owner, or (c) refer this matter to another city office (Housing, ADA coordinator, or other).

If enforcement is limited, please provide the appropriate contact or case number so I can follow up. I appreciate a written response.

Thank you,

Geary J. Johnson
1522 Hi Point St 9
Los Angeles. CA. 90035
(Tenant since 2010)

Alan Christensen worked as a Housing Inspector for the city of Los Angeles, California and in 2020 had a reported pay of \$96,507.36-\$107,573.76 according to public records. (Source: Google AI).
